Dear Management and Staff

On behalf of the children, parents and Committee of the Esk and District Kindergarten I would like to thank you for your generous donation towards our Cent Auction held on 27 October 2007. Your help made this event a great success and is sincerely appreciated.

Each year the Esk and District Kindergarten continues to advance its mission of delivering high quality educational programs in a caring, safe environment to pre-prep children. Programs such as these provide a positive transition into full time schooling.

With the help of donations from supporters such as you we will continue to see improvements in our program and facilities.

Thank you again for your generous support of the kindergarten.

Yours sincerely
